

## CASE STUDY

# IT Solutions for EventMover

IT equipment, wireless network setup, and centralized office location

**30+**  
Devices

**3**  
Years  
of  
Financing

**8**  
People  
Co-location

## CHALLENGES

After 12 years in business, EventMover Inc. grew to a point that working remotely no longer made sense.

EventMover made a strategic decision to scale-up its business using information technologies:

- Equipment modernization and co-location
- Software to streamline its operations efficiencies
- A financing program that could optimize its cash flow
- Minimum interruptions to business
- Tech support, maintenance, and training

## SOLUTIONS

- End-to-end one stop shop: IT engineering, device and software selection, financing, procurement, installation, and cabling
- 8 people co-locating to new headquarters
- 30+ devices
- Macs, PCs, displays, printers, phones, and faxes
- Software - Dynamics 365
- 1 day set-up, cabling services: working with landlords and connecting and setting up all devices smoothly
- Stand-by tech support post office move and maintenance
- Set-up 3 year financing
